FOREWORD

One of the most notably Aquarian characteristics of the present time is the great increase in communication between people of diverse ways of thinking. Barriers are breaking down, views are being shared and different paths explored by people who have in common only that they are forward looking, open minded and generous hearted.

The aim of the Q Directory is to facilitate interchange and exploration and it is now firmly established as a guide to a very wide range of Aquarian Age groups and services. This, the third Directory, covers occult, ritual magic and pagan groups, humanistic psychology, alternative medicine, conferences and festivals, occult and New Age magazines, astrological and clairvoyant consultants, yoga groups, shops and mail order establishments supplying occult books and equipment, incenses, herbs etc. — examples of almost every type of enlightened and forward looking thought and activity for the adventurous to explore.

All the information contained herein has been supplied by the contributors, and the editors cannot take responsibility for any of the claims made by the groups or individuals concerned. Nor do we necessarily agree with any of the philosophies expounded.

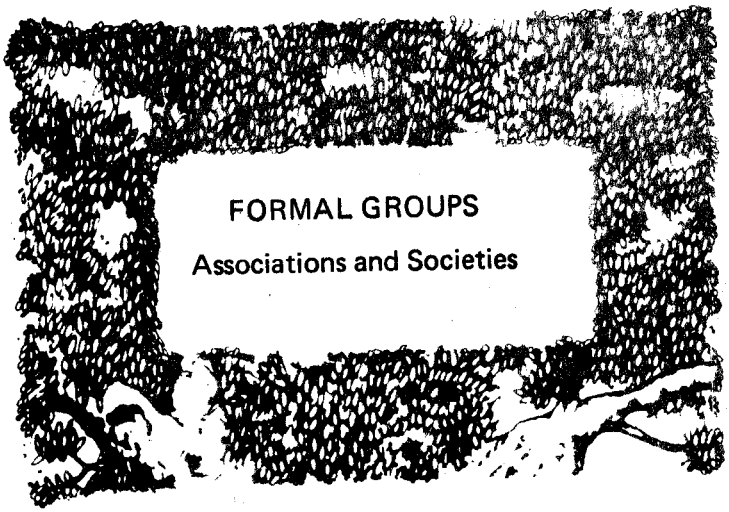
We hope that you find the Q Directory interesting and useful. We would like to hear of any problems encountered by readers.

The 1982/3 Q Directory

The next Q Directory will be published in the Spring of 1982. If you or anyone you know would like to have an entry in it, please complete the form at the back and send it to us.

Contributors' change of address

A directory of this kind inevitably gets out of date because contributors move. Please keep us informed of changes of address, using the form at the back so that we can issue revision slips.



THE ASSOCIATION FOR HUMANISTIC PSYCHOLOGY

62 Southwark Bridge Road
London SE1 0AS

The Association for Humanistic Psychology is a world-wide network formed in 1962 for the development of the human sciences in ways which recognise our distinctively human qualities and which work toward fulfilling the innate capacities of people — individually and in society. We centre attention on the experiencing person and thus on experience as primary to the understanding of people.

We try to develop the integration of the whole person — feelings and intellect, body and soul, energy and spirit, part and whole.

We explore synergistic relationships in groups, communities and institutions. By this we mean the encouragement of creative cooperation between people, and a positive working together for common objectives.

ACTIVE RECIPORT

8 Princes Avenue
Muswell Hill
London N10 3LR

Enquiries: G. Seaborn Jones, Ph.D.

Telephone: 01—586 4109; 435 4148 or 444 5077

RECIPORT (Reciprocal Support) is a community who come together as a group for emotional release and training at weekend workshops and who meet regularly in pairs exchanging the roles of Leader and Supporter.

The purposes of RECIPORT are: (1) to use the group energy to vitalise feelings in a setting where they can be released: to experience relief by reducing conscious and unconscious fear and discharging held fear, anger, hatred, love, exuberance, 'madness'; (2) to establish a long-term reciprocal relationship of trust for the progressive reduction of tensions; (3) to teach methods of working alone which increase bodymind awareness, improve grounding, and facilitate bodymind integration.

Each week the Leader has an hour to express feelings which have had to be suppressed, to share with the Supporter any problems he/she wants to discuss, and to release body tensions through movement and sound.

The Supporter gives his/her full attention and helps in any way suggested or accepted by the Leader.

The Leader and Supporter then exchange roles for the following hour.

The Supporter does not counsel, advise, direct, interrupt, interpret, or allow a conversation. He simply supports.

This relationship becomes very important to them both, as it supplements and sometimes replaces individual therapy. Members who are having individual professional therapy are helped by RECIPORT to phase out therapy earlier than they otherwise would.

RECIPORT has no dogma and includes members with any or no religious beliefs. Its sole concern is to help each member to find his/her unique style and rhythm of life.

THE ATLANTEANS

42 St.George's Street
Cheltenham GL50 4AF
Enquiries: Tony Neate

The Atlanteans is a society whose members believe in the importance of individual thought. Within this framework we have a way of life and understanding of the universe which acknowledges God as an Ultimate Thought. We encourage each person to seek expression as an individual and through this seeking we find a meaning to life, a flow of thought that sweeps aside frustrations and misunderstandings and allows us to develop spiritually, mentally and physically. We believe in an extra sense that enables us to transcend the barriers of materialism and we offer an understanding of the occult that dispenses with many of the old traditions and presents it in an acceptable way. The source of our inspiration that comes from an esoteric plane has guided us in this approach to the universe. List of publications, courses, cassettes etc. available on request.

THE CHURCH OF THE GODDESS

Lux Madriana
40 St.John Street
Oxford

Enquiries: Sister Angelina

Telephone: 0865 57778

More and more people are rediscovering their love for the Goddess; the joy and beauty of the world's first religion.

Throughout the persecution of the Middle Ages, the English Madrian tradition has been passed down from mother to daughter. Matriarchal families have continued living according to its laws and customs.

Madrianism is not just a religion, a philosophy nor even a way of life. It is a family, a community, a civilisation. When you become a Madrian, you are not merely adding to your list of spare-time activities; you are becoming part of a matriarchal lifestyle in which women are the heads of households and communities; part of the true traditional culture of Britain. You are accepting obedience to the elder sisters of the community. Decisively rejecting the modern world with its alienating materialistic values. Above all, you are entering the warmth and protection of God's earthly family and giving your whole self to Her.

It is an enormous step to take. So why not think it over? Find out more by sending 45p for a copy of *The Coming Age* magazine and other information. Learn about the philosophy (we have a full-scale Academy), the devotion, the seasonal festivals, the rituals, the traditional way of life for yourself and your children. Consider this opportunity to find your spiritual roots, to bring up your children in sanity. Talk it over with us. But first, send for *The Coming Age*. It could be the most important decision of your life.

It occupies a unique position among both Catholic and Protestant Churches in that the Ancient Sacramental Worship of the Christian Church is combined with Liberty of thought and interpretation of the Gospels, and the Mystery Drama of the Life of Christ. THE LONDON GROUP

BM VIXACK LONDON WC1V 6XX

Enquiries: Miss V.L.Neeves
Telephone: 599 9554
(evenings only)

The London Group is a properly contacted Group forming part of the immense body of knowledge known as the Western Esoteric Tradition, and passes on that tradition in a modern form.

All the so-called occult powers manifest only through the individual gifts and accomplishments of the seeker: there is no short cut or 'other way'. And for this reason, a sane and well-stocked mind and a healthy body are vital requirements for the journey. We welcome enquirers of all denominations and beliefs — the New Age is the Age of synthesis. There is room for many viewpoints.

In its training the London Group uses many methods and covers a wide field. The seeker is taught about the forces of Nature and learns to experience these consciously in his daily life. Another area of study is the Qabalah, which is one of the basic symbol-systems of the Western Esoteric Tradition. The final part of our training deals with the use of symbols, something of the ritual methods used today, and a brief section on how a 20th Century Group works to implement its ideals.

Since our aim is service to the Race and to humanity, we demand a high calibre in our members.

If you feel that our way may be what you are looking for, we shall be happy to send you details of our Study Courses.

Please write to:

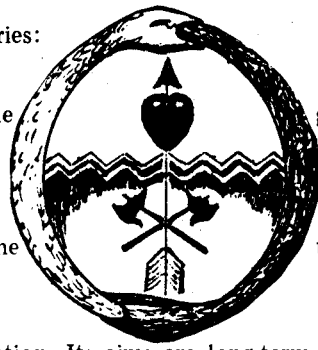
THE NEOPANTHEIST SOCIETY

BCM—OPAL
London WC1V 6XX
Enquiries: The Executive Secretary



. PAN LIVES !

The Neopantheist Society exists to develop a workable philosophical metaphysical and existential stance for 21st-century civilization. Its aims are long-term, and its work does not lend itself to any glib summation.

If bridges are to be built between this virile but callow civilization, in its current state of boisterous adolescence, and the very real noumena which are all too easily polythene-packed under the label 'spiritual experience', then we have to address ourselves first of all to a meta-semantic level of considerations which cannot be dealt with linguistically until we have used them to restructure our semantics.

Until this task has been achieved, the Neopantheist Society continues to consolidate its form, and to work through its affiliated organisations at a non-verbal, non-intellectual level. It has subsidised the publication of 'Swinburne '77' on the grounds that a re-exposure of this culture to Swinburne's Lyrical Positivism is as relevant to the work in hand as the revival of the rhetorical impact of Aleister Crowley. The Society supports 'Aquarian Arrow' by buying up all unsold copies from Pallas-Aquariana and holding them as an appreciating asset for re-sale at increasing prices.

The Society's Charter outlines its long-term goals at a high level of abstraction, and sets out the very robust economic and political structure which is intended to preserve the Society's integrity and enhance its power over the years. The Charter is a compact document; copies are available price 25p.

THE THEOCRATIC SOCIAL NEW ORDER MOVEMENT

KEEP TROTH

"Fear not nor be dismayed.... the battle is not yours, but God's."

2 Chron. 20 : 15.

The Theocratic Social New Order Movement was founded on October 1st 1978 in accord with cosmic intelligence. Its purpose is to afford both an ideology that is comprehensive for the entire human condition and an organisation that is dedicated to action: the crying, imperative need in this hour of planetary crisis. Gnostic Christianity all but perished because of indifference to organisation; and materialist atheism in its most political form is all but gaining control of this world of mankind. When this Movement was founded, world economic collapse, beginning in late 1978, was then predicted. This has duly come to pass and 1980 will see a deepening of the crisis. And since that warning, and against all expectation of contemporary establishment opinion, some form of theocracy is now being mooted as the one alternative left to either world communism or Western materialism. But both the warning and the blueprint for the coming new order had already appeared in "Theocratic Socialism is Here!". This booklet, written by the founder of the Movement, Della Aleksander, well-known transexual, whose prior life afforded a deep understanding of human nature and practical experience in both formal religion and politics, is now available for £1, p.p. from BM/GUARDIANS, London WC1V 6XX. Phone: 01—692 1796.

THE GNOME CLUB OF GREAT BRITAIN/ GNOME INTERNATIONAL

Devon EX22 7XE

Enquiries: Ann Atkin

Telephone: (040 924) 435

What makes you happy? It makes me happy to share Gnomes and little glimpses of the lands in which Gnomes live with other people. For Gnomes live in the inner earth where the sun never rises and never sets but always shines. A land where through the heart anyone who can may enter regardless of whether they happen to be outwardly rich or poor, old or young etc. .....

A new Golden Age in the coming Aquarian Age.....?..... Cosmic Gnomes are arriving upon the earth who, having already created all they can upon the earth, do not become attached to the earth but while continuing to care for the earth simultaneously point the way to and make gold for new earths within the wider sphere of the Cosmos. Male or female, they combine the wisdom of the ages with the innocence of children.

Gnomes represent a very real force. Little children naturally imagine and can become a part of the world of Gnomes but as they get older the pressures of the world crowd in so that it can become difficult for them to retain this vision into adult life. It makes me happy when, through the Club, adults (and children) comprehend Gnomes as Cosmic creative forces within the earth, without and within the potentially vaster earths of each of our minds and the Universe.

BIOFEEDBACK — some questions answered

What is Biofeedback?

'Feedback' when used in electronics is a term referring to the way a process is modified by the difference between a desired result and an actual one. Relating this to a living system, i.e. "bio", the biofeedback principle is, "If one can become aware of some body pattern of which one is not normally aware, then one can control that function." The bathroom scales provide a good example of a biofeedback device. They cannot reduce overweight but they can certainly indicate the success or failure of an attempt to lose weight. Similarly with all biofeedback instruments.

How does Biofeedback work?

Biofeedback provides information, through the use of specialised electronic metering devices, about such body patterns as muscle tension, skin resistance (an indication of emotional arousal) and brain waves which enables the user to master these processes. The average person can use biofeedback techniques to become more self-aware so that, hopefully, he or she becomes more creative and healthy. There are many medical applications used professionally by doctors, psychiatrists etc. where the use of biofeedback has successfully replaced drug therapy.

Where can I learn about Biofeedback?

In London, C. Maxwell Cade, a world-recognised authority on biofeedback, runs evening classes and also single day courses at Hampstead. His book "The Awakened Mind" is now available in bookshops. He uses the **Audio Ltd.** relaxation meter, Omega—1, the Temperature Meter and the two EEG's — the Monitor—M and the Mind Mirror, that measure brain-wave patterns. The following booklets are available: 1) *Self-Awareness and E.S.R.* @ £1.25, 2) *E.E.G.Measurement* @ 80p. and 3) *Temperature Meter* @ £1.00.

The Foundation Diploma course is conducted by correspondence. It is divided into thirteen parts, one of which is sent each sacred month. The student will learn to perform many Rituals with a complete understanding of the underlying theory; she will have a comprehensive knowledge of Symbolism, of the nature of the Universe and of her place within it; and she will be proficient at Elemental Magic.

These are marked by the student's tutor, to whom correspondence may be directed. A student who achieves one of the two highest grades may apply to join the Order of the Silver Star; but applications are not accepted automatically.

This is a 13 part postal course which deals with the Festivals, the arts and crafts of the wise, the mental and practical skills of divination, healing and magic. Students make their own contact with the Gods and Goddesses who can help them with their work, and help to re-balance Man and Nature. It is not an easy path, but it is well worth all the effort when the ancient arts are re-learnt.

The Society aims to demonstrate — to workers and jobless, trade unionists and politicians, industrialists and educationalists — why the thousand-hour working year is necessary; how it can be achieved; how it will bring better health and fulfillment, humanity and prosperity; and how it will cure the evils of both unemployment and overwork.

TRIANGLES

3 Whitehall Court

Enquiries: Mr. Bourne

Telephone: 839 4512

TRIANGLES is a practical world service activity. Units of three people link in thought each day to provide channels for circulating spiritual energy and to create a planetary network of light and goodwill.

Triangles workers use the Great Invocation voicing the basic needs of mankind today — the need for light and love and for understanding the divine will. This Invocation belongs to no one individual or group. It belongs to all humanity.

From the point of light within the Mind of God
Let light stream forth into the minds of men.
Let Light descend on Earth.

From the point of Love within the Heart of God
Let love stream forth into the hearts of men.
May Christ return to Earth.

From the centre where the Will of God is known
Let purpose guide the little wills of men —
The purpose which the Masters know and serve.

From the centre which we call the race of men
Let the Plan of Love and Light work out
And may it seal the door where evil dwells.

Let Light and Love and Power restore the Plan on Earth.

The Hunger Project exists to support you in communicating this commitment. You make the difference.

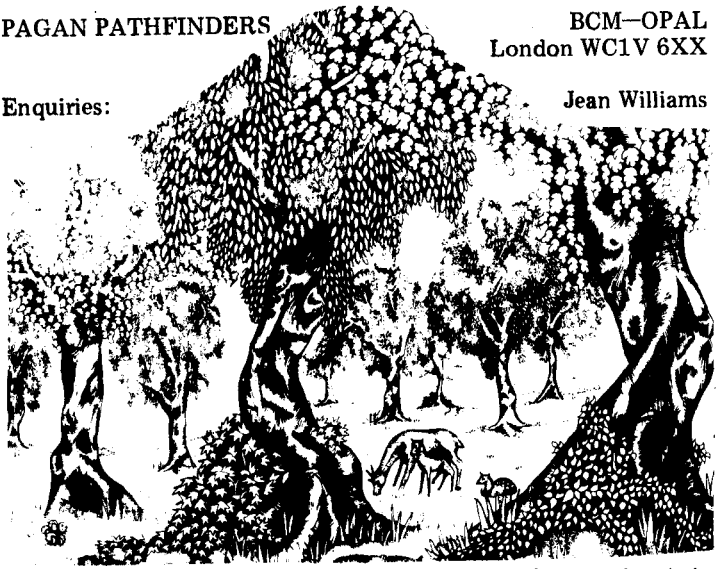
PAGAN PATHFINDERS

BCM—OPAL
London WC1V 6XX

Enquiries: Jean Williams



Paganism is an attitude of mind — a way of being that is in tune with the natural forces of the Universe. We all contain within us natural resources of energy, creativity and joyousness that are largely untapped. Pagan Pathfinders aims to explore and develop the pagan way of being so that we may grow to our full potential and participate more fully in the ecstasy of the Cosmic Dance.

Pagan Pathfinders meet weekly on Monday evenings in North London and sessions run for six to eight weeks. The meetings are informal and place the emphasis on doing and experiencing rather than discussing. They provide an opportunity to learn the basic occult/pagan/magical skills of deep relaxation, active imagination, auto suggestion and energy raising that give access to the deeper levels of the mind and develop mental and psychic powers. Ideal for those who want to meet fellow pagans and to work in a group but do not wish to commit themselves to any one path.

PSYCHOTHERAPY

Enquiries: Peter Wright

What many people call spiritual work is in reality work upon the mind. I consider that psychological problems can be dealt with in such a way as to facilitate an understanding and clarity of mind which can lead on to spiritual awareness. Both usual and unusual therapeutic techniques are used dealing with various aspects of man's nature. It is important that these are seen in the context of spiritual principles so that an individual's problems can be worked with as part of the discipline of any given spiritual practice, providing 'fuel for the fire'.

St.John's Chapel
Bishop Auckland
Co.Durham. DL13 1QT

Enquiries: Margaret Bruce

Britain's last working folk-botanist and full-time practitioner of Natural Magic supplies herbs gathered at the correct planetary hours. Chaldean, Egyptian, Sumerian and European Incenses and Anointing Oils. Individually created Amulets, Talismans, Charms, Lixiviations, Philtres and Tisanes.

Margaret Bruce is no modern occult shopkeeper but a peasant farmer continuing a family tradition of folk-magic handed down in unbroken line from her maternal ancestors since Anglo-Saxon times. Her grandfather travelled the dales of Yorkshire and Durham where his herbal and occult skills were sought by villagers and gentry alike. In 1897 he attended the christening of a child called Anthony Eden and foretold correctly that he would become Prime Minister of Britain. He also supplied Aleister Crowley with incenses, herbs and the famous RUTHVAH perfume.

Like her ancestors, Margaret Bruce works close to nature, deliberately restricting her clientele to a select few to avoid confusion with modern commercial occultism. Those seeking REAL MAGICK may obtain her modest home-made catalogue at 50p (None Abroad).

We are practitioners in the 'Old Arts' and make many unusual, one-off type products that are as 'old as the hills' and as rare as four-legged chickens in the modern materialistic World. We are not a shop; just a part-time business trying to keep the old crafts alive, and as far as we know, we're the only ones still doing it our way.

Our Earth Magic Wands, Elfin Wands, and Albion Knots (to say nothing of our gnarled Walking-sticks, Cudgels and Woodland Weapons) are all made from sacred trees growing in Hallowed places, with the full co-operation of Mother Nature. Each one has a resident Dryad (Elemental Spirit), tamed as a familiar, in accordance with the ancient Woodcraft Lore of the Old Religion.

The method of making effective amulets and charms that was used in the days of Roman Britain is still being used by us to produce a wide range of objects that you can carry with you to give you the special help you need.

We even have enamelled copper pendants with an artistic painting on the front and a mystic charm on the back in the manner used so effectively by the Anglo Saxons.

We also have completely sterile pendulums (for optimum unbiased reaction), Hag Stones, Spell-boxes and many other Folk Magic items.

All our items are individually handcrafted, completely unique and sold on a satisfaction or your money back basis.

Send 50p for our catalogue.
